Dear Nick,

APPROVAL OF PROPOSAL FOR CHANGE 21/03 IN RELATION TO PART D OF THE CORE VALLEY LINES NETWORK CODE

1. The Office of Rail and Road (ORR) has today approved Proposal for Change (PfC) 21/03 to the Core Valley Lines (CVL) Network Code, submitted to it by Seilwaith Amey Cymru/Amey Infrastructure Wales Limited (AIW) on 30 July 2021. This proposal reflects the changes to the Network Rail Network Code set out in PfCs 99 and 105, which were approved by ORR on 13 July 2021. No changes have been made to the CVL Network Code in relation to Network Rail's PfCs 98, 102, 103 or 104.
2. ORR has reviewed PfC 21/03 and has approved the proposal because Condition C8 of the CVL Network Code entitles AIW to make changes to the CVL Network Code as a result of modifications to the Network Rail Network Code. The approval of PfC 21/03 is consistent with ORR's section 4 duties.
3. The modifications to the CVL Network Code shall come into effect 14 days from the date of this notification.
4. A copy of this letter, the approval notice and a marked up copy of Part D of the CVL Network Code, showing all the proposed changes, will be placed on the ORR website. A copy of the approval notice will also be placed on the ORR's public register.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'C.W.', is positioned above the printed name.
