Dear Lee and Cara

## **Consent to supplement the track usage price list Class 455 (AC)**

We have today consented to supplement the track usage price list, following a joint proposal submitted to us by the above on 26 May 2021, under paragraph 9 of Part 2 of schedule 7 to their track access contract [TAC]. The change shall have effect from 1 April 2019, the first date of the current Control Period 6 (CP6). The vehicles were modified at the end of 2017.

### **Proposal**

The purpose of this supplement is to amend the Passenger Variable Usage Charge (VUC) Rates section of the Track Usage Price List to include modified Class 455 AC Motor and Trailer vehicle types, as set out in the attached Consent Notice.

### **Industry consultation**

There is no requirement for industry consultation in this matter as the changes do not affect any other train operating company.

### **ORR review**

We reviewed the proposal from a technical and economic viewpoint and, after a number of discussions, were content with the values proposed.

**Public register and administration**

I am copying this letter to the Department for Transport and Network Rail's Policy and Access Team. Copies will be placed on the ORR website.

Yours sincerely
