3 April 2020

Dear Georgina and Nigel,

**CONSENT TO SUPPLEMENT THE CP6 TRACK USAGE PRICE LIST – BAAF WAGON TYPE AND CLASS 37/7 LOCOMOTIVE**

1. The Office of Rail and Road has today issued two Notices of Consent to Supplement to the Track Usage Price List, as submitted to us by DB Cargo (UK) Limited and Network Rail Infrastructure Limited on 1 April 2020 under paragraph 2.2.7 of Schedule 7 of the track access contract between the parties. This letter sets out the reasons for our decision.

**Purpose of the change**

2. The purpose of the Supplements is to amend the Variable Usage Charge (VUC) rates section of the Track Usage Price List, for the purpose of the track access contract, to include BAAF vehicle type conveying steel; and class 37/7 locomotives conveying construction materials.

**ORR review**

3. These vehicles are not on the CP6 pricelist for the commodities concerned. The new CP6 VUC rate has been agreed between the parties using data from various appropriate sources and calculated using the CP6 VUC calculator.

4. These amendments shall have retrospective effect from the first date these vehicles were used on the network or 1 April 2019, whichever date is later.

Yours sincerely
