Richard Eccles Esq
Director of Network Planning
Network Rail Infrastructure Limited
Kings Place
90 York Way
London
N1 9AG

Dear Richard,

Network RUS: Alternative Solutions

I am writing to confirm that we have considered the Network Route Utilisation Strategy: Alternative Solutions published on 01 July 2013 and do not object to its establishment. We recognise the work that your route planning team has done with the industry and other stakeholders.

I am placing a copy of this letter on the ORR web site.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Chris Fieldsend', with a small dot at the end.
