(Track Charges)

1. Principal formula

During each Relevant Year, Network Rail shall levy and the Train Operator shall pay Track Charges in accordance with the following formula:

\[ T_t = V_t + K_t + D_t \]

where:

\( T_t \) means Track Charges in Relevant Year \( t \);

\( V_t \) means an amount in respect of the Variable Usage Charge in Relevant Year \( t \) which is derived from the formula in paragraph 3.1;

\( K_t \) means an amount in respect of the Capacity Charge in Relevant Year \( t \) which is calculated in accordance with paragraph 6; and

\( D_t \) means an amount (if any) in respect of the VUC Default Charge in Relevant Year \( t \) which is calculated in accordance with paragraph 3.3.

2. Not used

3. Variable Usage Charge

3.1 Variable Usage Charge

For the purposes of paragraph 1, the term \( V_t \) means an amount in respect of the Variable Usage Charge in Relevant Year \( t \) which is derived from the following formula:

\[ V_t = \sum V_{it} \times UV_{it} \]

where:

\( V_{it} \) means an amount for a type of vehicle \( i \) for Relevant Year \( t \), expressed in pence per Vehicle Mile and rounded to two decimal places, which is derived as follows:

(a) in respect of the Relevant Year commencing on 1 April 2019, \( V_{it} \) shall be, in respect of each Vehicle Mile, the appropriate variable usage charge rate set out in (c) below, multiplied by the Initial Indexation Factor;
(b) in respect of any Relevant Year \( t \) commencing on or after 1 April 2020, \( V_s \) shall be in respect of each Vehicle Mile, the appropriate variable usage charge rate set out in (c) below, multiplied by the phased-in charges indexation adjustment derived from the following formula:

\[
PCIA_t = \left(1 + \left(\frac{\text{CPI}_{t-1} - \text{CPI}_{2018}}{\text{CPI}_{2018}}\right)\right) \times \text{Initial Indexation Factor}
\]

where:

- \( PCIA_t \) means the phased-in charges indexation adjustment in respect of Relevant Year \( t \);
- \( \text{CPI}_{t-1} \) means the CPI published or determined with respect to the month of November in Relevant Year \( t-1 \);
- \( \text{CPI}_{2018} \) means the CPI published or determined with respect to the month of November in 2018;

(c) the appropriate variable usage charge rate for the purposes of (a) and (b) above shall be the corresponding variable usage charge rate per Vehicle Mile as set out in the section of the Track Usage Price List entitled "North Yorkshire Moors Railway Enterprises PLC Variable Usage Charge rates";

- \( UV_i \) means the actual volume of usage (in Vehicle Miles) in Relevant Year \( t \) of vehicle type \( i \) (referred to in the Track Usage Price List) operated by or on behalf of the Train Operator; and
- \( \Sigma \) means the summation across all relevant categories of vehicle types \( i \).

3.2 Not used

3.3 VUC Default Charge

For the purposes of paragraph 1, the term \( D_t \) means the amount of VUC Default Charge payable in respect of New Specified Equipment in Relevant Year \( t \) which is derived from the following formula:

\[
D_t = \sum D_{nt} \times UD_{nt}
\]

where:

- \( D_{nt} \) means an amount for that New Specified Equipment for Relevant Year \( t \), expressed in pence per Vehicle Mile and rounded to two decimal places, which is derived as follows:

(a) in respect of any New Specified Equipment which is a diesel locomotive, \( D_{nt} \) shall be the corresponding rate set out in the section of the Track Usage Price List entitled "North Yorkshire Moors Railway Enterprises PLC Variable Usage Charge diesel default rate", multiplied as follows:

(i) in respect of the Relevant Year commencing on 1 April 2019, \( D_{nt} \) shall be multiplied by the Initial Indexation Factor;

(ii) in respect of any Relevant Year \( t \) commencing on or after 1 April 2020, \( D_{nt} \) shall be multiplied by the phased-in charges indexation adjustment derived from the following formula:

\[
PCIA_t = \left(1 + \left(\frac{\text{CPI}_{t-1} - \text{CPI}_{2018}}{\text{CPI}_{2018}}\right)\right) \times \text{Initial Indexation Factor}
\]

where:

- \( PCIA_t \) means the phased-in charges indexation adjustment in respect of Relevant Year \( t \);
- \( \text{CPI}_{t-1} \) has the meaning set out in paragraph 3.1(b) above;
- \( \text{CPI}_{2018} \) has the meaning set out in paragraph 3.1(b) above;
(b) in respect of any New Specified Equipment which is a vehicle other than a diesel locomotive, \( D_{nt} \) shall be the corresponding passenger default rate set out in the section of the Track Usage Price List entitled "Passenger Variable Usage Charge default rates", derived from the following formula:

\[
D_{nt} = D_{nt-1} \times \left(1 + \frac{\left(CPI_{t-1} - CPI_{t-2}\right)}{CPI_{t-2}}\right)
\]

where:

- CPI\(_{t-1}\) has the meaning set out in paragraph 3.1(b) above;
- CPI\(_{t-2}\) means the CPI published or determined with respect to the month of November in Relevant year \( t-2 \),

but so that in relation to the Relevant Year commencing on 1 April 2019, \( D_{nt} \) shall have, in respect of New Specified Equipment, the corresponding passenger default rate for that New Specified Equipment, multiplied by the Initial Indexation Factor; and in relation to the next following Relevant Year \( D_{nt-1} \) shall have the same value;

- \( UD_{nt} \) means the actual volume of usage of New Specified Equipment in Vehicle Miles during the VUC Default Period in Relevant Year \( t \) operated by or on behalf of the Train Operator; and

   (a) agreed between the parties and ORR has consented to it; or

   (b) determined by ORR.

   9.4 Either the Train Operator or Network Rail shall be entitled to propose that the Track Usage Price List be supplemented as necessary to include a new vehicle type and corresponding rate.

   9.5 Any proposal of a kind referred to in paragraph 9.4 shall be made by notice to the other party and shall be accompanied by a specification of the proposal in reasonable detail and
the reasons for it. The parties shall thereafter seek to agree in good faith the necessary supplement to the list in question.

9.6 Either party may request from the other such information that it reasonably requires in connection with the proposal and the party from whom the information was requested shall use reasonable endeavours to provide this information promptly.

9.7 Where the parties agree to a supplement following a proposal under paragraph 9.4, they shall request ORR's consent to it and provide such information as ORR reasonably requires in order to decide whether to give its consent.

9.9 Following a reference to ORR under paragraph 9.8, the parties shall, within such timescales as ORR may reasonably specify, furnish ORR with such information and evidence as ORR shall reasonably require to determine the matter. If a party fails to furnish such information and evidence within the specified timescale, ORR shall be entitled to determine the matter without that information and evidence and the party in default shall have no grounds for complaint in that respect.

9.10 ORR may:
(a) consent to any supplement that is agreed by the parties and submitted to it under paragraph 9.7, or following consultation with the parties, determine that a different supplement should apply; or
(b) following a referral to ORR under paragraph 9.8, determine the supplement that should apply.

9.13 Following ORR's consent or determination under paragraph 9.10 Network Rail shall:
(a) apply the supplement from the date in accordance with paragraph 9.11 or 9.12 above as applicable; and
(b) within 28 days of the date of ORR's consent or determination:
(i) issue any adjusting invoice or credit note to the Train Operator. In the case of a supplement to the Track Usage Price List this will reflect the difference between the amount paid by the Train Operator for the VUC Default Charge during the VUC Default Period and the amount that it would have paid during the VUC Default Period in respect of the Variable Usage Charge had the supplement been in place at the time the Train Operator first used the relevant railway vehicle on the Network; and
(ii) publish on its website details of the supplement alongside the details of any other such supplements to which ORR has consented or determined pursuant to this or any other track access contract to which Network Rail is a party.

If the parties are unable to agree such Train Consist Data within 14 days following receipt of a notice of objection, either party may refer the matter for resolution in accordance with the ADRR.

(d) Within 14 days of any Train Consist Data being agreed or determined in accordance with paragraph 10.3(d), Network Rail shall, if any consequential or financial adjustment of the relevant invoice is required, issue a further invoice to, or (as the case may be) a credit note in favour of, the Train Operator in the amount of the relevant adjustment. The invoice or credit note shall be payable at the same time as the invoice for Variable Charges for the relevant Period or, if issued later than 21 days after the end of the relevant Period, within 7 days after the date of its issue.

(e) Where, as a result of any invoice or credit note issued pursuant to paragraph 10.3, any sum of money which has been paid shall become repayable or any sum of money which has been unpaid shall become payable the party to whom such sum shall be paid shall be paid or allowed interest at the Default Interest Rate on such sum from the date when it (if repayable) was paid or the date when such sum (if payable) ought to have been paid until the date of payment or repayment.

10.4 Unrepresentative Train Consist Data

(a) If at any time during this contract either party considers the Default Train Consist Data specified in Appendix 7C is not representative of the Train Operator's Services and in particular, but without limitation, the type(s) of railway vehicles then in use and the regular number of carriages forming part of those railway vehicles in the operation of its Services, either party shall be entitled on written notice to the other to request that the Default Train Consist Data be amended. Any such request shall specify in reasonable detail the grounds for the request and the proposed amendments to the Default Train Consist Data.

(b) The parties shall endeavour to reach agreement on any amendments to the Default Train Consist Data within 21 days of the date of the request referred to in paragraph 10.4(a) and if the parties are unable to agree such amendments within such time period, either party may refer the matter for resolution in accordance with the ADRR.
(c) Upon the earlier of agreement between the parties or determination by a relevant ADRR Forum, the parties shall notify ORR of the proposed amendments to the Default Train Consist Data and, subject to ORR not objecting to the proposed amendments within 14 days (the "14 day period") of receipt of the notification by ORR, such amendments shall take effect from the first day of the next Period following the earlier of ORR confirming its consent to the proposed amendments and the expiry of the 14 day period. If ORR objects to the proposed amendments within the 14 day period, the parties shall endeavour to reach agreement with ORR on the appropriate amendments, if any, to the Default Train Consist Data which shall then take effect on the first day of the Period next following that in which agreement is reached.

(b) Where a party has given notice under paragraph 10.5(a) that it disputes part of any invoiced amount:

(i) payment of such sum shall be without prejudice to the determination of whether such sum is properly due or not; and

(ii) if it is subsequently determined that the disputed sum, or part of it, was not properly due the payee shall repay the disputed sum, or relevant part, to the payer together with interest (to accrue daily and be compounded monthly) at the Default Interest Rate from the date of payment until the actual date of repayment.

Network Rail may carry out Monitoring on up to 12 occasions in any Relevant Year where Network Rail has required further of the Train Operator’s staff to be trained in the use of signalling equipment, and the Train Operator shall pay to Network Rail a charge (the "Monitoring Charge"). A Monitoring Charge of £276 shall apply on each occasion that Monitoring is carried out.

3. Interpretation

In this Part 7, references to ORR carrying out an access charges review shall be construed as including references to its initiating implementation of that review.

4. Interim treatment of future access charges reviews

4.1 Interim treatment prior to implementation

If the terms of a Proposed Review Notice proposing amendments to the Contract are not implemented in accordance with paragraph 7 of Schedule 4A to the Act on the date stipulated that they will come into operation in the Proposed Review Notice for any reason, then, irrespective of such terms not having been so implemented, each proposed amendment to the Contract set out in the Proposed Review Notice shall have effect for the period (the "Interim Period") commencing on that date (or from any later date (or dates) specified in the Proposed Review Notice in respect of any individual amendment), in each case until such time as:

(a) following the service of a Review Implementation Notice relating to the Proposed Review Notice, the changes specified in that Review Implementation Notice come into operation; or

(b) following a reference to the Competition and Markets Authority in accordance with paragraph 9 of Schedule 4A to the Act, any amendments to the Contract, made in accordance with paragraphs 12(8), 12(9) or 14(3) of Schedule 4A to the Act, come into operation.

4.2 Reconciliation Payment

(a) Within 28 days after the end of the Interim Period, Network Rail shall calculate whether a reconciliation payment is due to or from the Train Operator. In order to calculate such a reconciliation payment, Network Rail shall compare (i) the sums paid by the Train Operator during the Interim Period, with (ii) the sums which would have been payable if the amendments required by either paragraphs 4.1(a) or (b) above had taken effect on the date(s) stipulated in the Proposed Review Notice, and shall provide to the Train Operator:

(i) a statement of the amount due to or from the Train Operator; and

(ii) such background data and workings as may reasonably be required for a proper understanding of the calculation.

(b) Within 14 days after the date upon which Network Rail shall have provided to the Train Operator the information referred to in paragraph 4.2(a) above, the Train Operator shall notify Network Rail of any aspects of the statement which it disputes, giving reasons for any dispute. Save to the extent that disputes are so notified, the Train Operator shall be deemed to have agreed the contents of the statement.

(c) If any dispute is notified under paragraph 4.2(b) above, it shall be resolved according to the following procedure:

(i) within seven days of service of the relevant notice, the parties shall meet to discuss the disputed aspects with a view to resolving all disputes in good faith;

(ii) if, for any reason, with seven days of the meeting referred to in paragraph 4.2(c)(i) above, the parties are still unable to agree any disputed aspects, each party shall promptly and in any event within seven days prepare a written summary of the
disputed aspects and the reasons for each such dispute and submit such summaries to the senior officer of each party;

(iii) within 28 days of the first meeting of the parties, the senior officers of the parties shall meet with a view to resolving all disputes; and

(iv) if no resolution results before the expiry of 14 days following that meeting, then either party may refer the matter for resolution in accordance with the ADRR.

(d) Within 28 days after the date upon which Network Rail shall have provided to the Train Operator the information referred to in paragraph 4.2(a) above (if not disputed) or 28 days of resolution or determination if any dispute in accordance with paragraph 4.2(c) above, any amount due shall be invoiced (or presented in a credit note, as the case may be) for payment, and payable, as provided under this Contract.
