19 June 2017

Dear Sirs

Appeal under Part M of the Network Code by Abellio ScotRail Limited (ASR) in respect of Determination TTP1064 of the Timetable Panel

1. Thank you for your representations, both dated 14 June 2017, in response to my letter of 9 June 2017. These were helpful.
2. We do not, at this stage, consider we need any further information from either party in order to determine this appeal, nor do we think a meeting is necessary.
3. We will now review all the material submitted and we will make a determination as soon as possible. If further questions arise during our review, we will contact you.
4. In the meantime, we have been encouraged to see that progress is being made to reduce the number of outstanding timetabling issues between you. Please continue to work together to resolve as many of these as you can.
5. I can confirm I have been appointed the director responsible for determining this appeal.

Yours faithfully

A handwritten signature in blue ink that reads 'Juliet Lazarus'. The signature is written in a cursive style and is positioned above a faint, light blue rectangular stamp.
