**APPROVAL OF PROPOSAL FOR CHANGE 67 RELATING TO PART B OF THE NETWORK CODE**

1. The Office of Rail Regulation has today approved Proposal for Change 67 (Pfc67) to Part B of the Network Code, which was submitted to it by the Class Representative Committee (CRC) on 23 June 2015. This proposal sponsored by Network Rail, implements changes to Part B of the Network Code to appropriately reflect the role of the Delay Attribution Board (DAB) in the delay attribution process.
2. ORR has reviewed the consultation responses received and considered by the CRC at its meeting on 15 April 2015, as well as the modified proposal discussed at its subsequent meeting on 17 June 2015. CRC unanimously endorsed Proposal for Change 67 at its meeting on 17 June 2015. ORR has approved the proposal because it is satisfied that the changes are necessary to appropriately reflect the role of the Delay Attribution Board (DAB) in the delay attribution process.
3. Approval of Pfc67 is consistent with ORR's section 4 duties.
4. In accordance with Condition C9.1.2 of the Network Code, the amendments to Part B of the Network Code shall have effect 14 days from the date of this notification.
5. In giving CRC notice of approval ORR will also copy this letter and attached notice to all parties identified under Conditions A4.1 and C9.1.1 of the Network Code.
6. A copy of this letter, the approval notice and the proposals will be placed on ORR's website. A copy of the approval notice will also be placed on ORR's public register.
