Dear Lee

Amendments to the September 2012 Delay Attribution Guide

1. The Office of Rail Regulation (“ORR”) has today approved the following proposal to amend the September 2012 Delay Attribution Guide (“DAG”), submitted to it by the Delay Attribution Board (“DAB”) on 13 December 2012:

DAB/P014

Removal of Delay Code FF from the DAG.

DAMG/P05

Append text in DAG section 3.1.5.

Add new identifying reactionary code YQ within Appendix A, Section Y.

DAMG/P06

Add a new flowchart in section 4.41

2. The amendments to the DAG will take effect on 1 April 2013 and form part of the April 2013 edition of the Delay Attribution Guide.

3. ORR has approved the amendment because it is satisfied that it provides greater clarity to the delay attribution process.

4. A copy of this letter, the approval notice and of the Proposal for Amendment will be placed on the ORR website. A copy of the approval notice will also be placed on ORR’s public register.

Yours sincerely
