26 March 2019

Company Secretary
Network Rail Infrastructure Limited
1 Eversholt Street
London
NW1 2DN

Network licence condition 7 (land disposal): Island Line railway, Isle of Wight.

Decision

1. On 12 March 2019, Network Rail gave notice of its intention to dispose of land siting the Island Line network and the associated railway infrastructure, on the Isle of Wight ("the land"), in accordance with paragraph 7.2 of condition 7 of its network licence. The land is described in more detail in the notice (copy attached).

2. We have considered the information supplied by Network Rail including the responses received from third parties consulted. For the purposes of condition 7 of Network Rail’s network licence, ORR consents to the disposal of the land in accordance with the particulars set out in its notice.

Reasons for decision

3. We note that the proposed disposal is for a 20-year lease to First MTR South Western Trains Limited (operating as South Western Railway) ("SWR") which will facilitate SWR’s provision of passenger services on the Isle of Wight, as required under its South Western Franchise Agreement.

4. We are satisfied that Network Rail has consulted relevant stakeholders with current information. In considering the proposed disposal, we note that:
   - there is no evidence that railway operations would be affected adversely; and
   - no other reasonably foreseeable railway use for the land was identified.

5. Based on all the evidence we have received and taking into account all the material facts and views relevant to our consideration under condition 7, we are satisfied that there are no issues for us to address.

6. We have had regard to our decision criteria in Land disposal by Network Rail: the regulatory arrangements, December 2013,¹ and balanced our section 4 duties given to us under the Railways Act 1993. In doing so we have given particular

---

¹ Available from www.rail-reg.gov.uk/server/show/nav.150
weight to our duty to exercise our functions in a manner which we consider best calculated to “protect the interests of users of railway services”.

7. We have concluded that the proposed disposal is not against the interests of users of railway services. In light of that and our understanding of the transaction as set out above, we grant our consent to the proposed disposal of the land.

</table>

## 2. Proposal

<table>
<thead>
<tr>
<th>Type of disposal</th>
<th>A 20 year Lease of the eight railway stations, one passenger light maintenance depot, all of the Track, the land in the vicinity of the Track, and all of the Railway Infrastructure. The lease will be excluded from sections 24-28 of the Landlord and Tenant Act 1954.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Proposed party taking disposal</td>
<td>First MTR South Western Trains Limited (operating as South Western Railway)</td>
</tr>
<tr>
<td>Proposed use / scheme</td>
<td>The provision of railway services on the Isle of Wight to support the South Western Passenger Franchise Agreement and subsequent franchises</td>
</tr>
<tr>
<td>-----------------------</td>
<td>----------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Access arrangements to / from the disposal land</td>
<td>As the leased area includes all stations, light maintenance depot all of the Track, the land in the vicinity of the Track, and all of the Railway Infrastructure there are sufficient access arrangements within the lease</td>
</tr>
<tr>
<td>Replacement rail facilities (if appropriate)</td>
<td>N/A</td>
</tr>
<tr>
<td>Anticipated rail benefits</td>
<td>To support the South Western Passenger Franchise Agreement and subsequent franchises. This will enable the tenant to continue to provide a railway service on the Isle of Wight. The Island Line runs for 8.5 miles from Ryde Pier Head to Shanklin on the Island’s east coast. Trains connect with passenger ferries to Portsmouth Harbour at Ryde Pier Head, which connect with the rest of the National Rail network. The line also connects to the Isle of Wight Steam Railway, a steam-operated heritage railway at Smallbrook Junction.</td>
</tr>
<tr>
<td>Anticipated non-rail benefits</td>
<td>The continued provision of railway services on Isle of Wight will also generate social value and contribute to the local economy</td>
</tr>
</tbody>
</table>

### 3. Timescales

| Comments on timescales | It is planned to grant the new lease from 1st April 2019 |

### 4. Railway Related Issues

<p>| History of railway related use | This is a renewal of the current Island Line lease which has been in place for the last 25 years. |
| When last used for railway related purposes | The site is currently used for railway related purposes. |</p>
<table>
<thead>
<tr>
<th>Any railway proposals affecting the site since that last relative use</th>
<th>None known</th>
</tr>
</thead>
<tbody>
<tr>
<td>Impact on current railway related proposals</td>
<td>The current South Western Passenger Franchise Agreement supports the continued provision of Railway Services on the Isle of Wight and the proposed disposal will support this.</td>
</tr>
<tr>
<td>Potential for future railway related use</td>
<td>A 20 year lease will enable any future Passenger Franchise Agreements to continue to provide a railway service on the Isle of Wight, connecting with passenger ferries to Portsmouth Harbour at Ryde Pier Head, which connect with the rest of the National Rail network.</td>
</tr>
<tr>
<td>Any closure or station change or network change related issues</td>
<td>None – the railway services on the Isle of Wight are not regulated</td>
</tr>
<tr>
<td>Whether disposal affects any railway (including train operator) related access needs, and how these are to be addressed in future</td>
<td>The proposed disposal will enable the current train operator to continue to provide railway services on the Isle of Wight during the length of their franchise. It will also enable any future operators to provide railway services as the lease can be assigned to another approved party.</td>
</tr>
<tr>
<td>Position as regards safety / operational issues on severance of land from railway</td>
<td>The disposal does not include any requirement for new fencing of the railway boundary, as sufficient fencing already exists. The disposal is on a basis under which Network Rail has had due regard (where applicable) to impact of the disposal on lineside works, including railway troughing, signalling and their maintenance. The disposal is without prejudice to Network Rail’s safety obligations, with which Network Rail will continue to comply. Network Rail’s network licence requires compliance with Railway Group Standards. These set out requirements for – amongst other things – fencing, access and signal sighting. In addition, the Railways and Other Guided Transport Systems (Safety) Regulations 2006 require Network Rail to have a safety management system and safety authorisation in respect of its mainline railway system and its railway infrastructure. These, in turn, require Network Rail to comply with Railway Group Standards as well as its own internal standards; and also continually to monitor changes to the risks arising from its operations and to introduce new control measures as appropriate.</td>
</tr>
</tbody>
</table>
### 5. Planning History and Land Contamination

<table>
<thead>
<tr>
<th>Planning permissions / Local Plan allocation (if applicable)</th>
<th>N/A</th>

</tr>
<tr>
<td>Other Relevant Local Authorities:</td>
<td>None</td>
</tr>
</tbody>
</table>

### 7. Internal approval to consult

| Recommendation: | By proceeding to consult I am:  
• recommending that Network Rail consults on the terms of disposal  
• confirming that I have read and understood Network Rail’s Code of Business Ethics and policy on Interests in Transactions  
• confirming that I have secured internal written approval to consult in accordance with Network Rail’s policy on Authorising Application Forms. |

### 8. Consultations

| Internal consultation | The Head of Franchise Management and Route Asset Management teams in Wessex Route have been consulted and support the proposed disposal |
| Summary of position as regards external consultations | N/A |
| Analysis of any unresolved objections together with recommendation by Network Rail as regards a way forward | N/A |

### 9. Internal approval to dispose

| Recommendation: | Based on the above, I recommend that Network Rail proceeds with the disposal |
| Declaration: | I have read and understood Network Rail’s code of Business Ethics and Policy on Interests in Transactions |

CONSULTATION REPORT

relating to

PROPOSED LAND DISPOSAL

This report is provided as a supplement to our forms for the proposed disposal of land at:

Site location and description: The eight railway stations, one passenger light maintenance depot, all of the Track, the land in the vicinity of the Track, and all of the Railway Infrastructure located on the Isle of Wight which it is proposed to dispose by way of a lease.

We have consulted in relation to this evaluation, and summarise the results of this as follows:

Summary of position regarding responses: 22 parties were consulted. 12 parties either supported or raised no objection. 10 parties did not respond to the consultation. No objections were received. Responses were received from the local council, TOC, ACORP,
and Isle of Wight Steam Railway who were considered to be the key consultees.

The full list of external consultees is set out below:

8. Isle of Wight Council

From: @IOW.gov.uk
Sent: 18 February 2019 16:31
To: @networkrail.co.uk
Subject: RE: Consultation on proposed land disposal: Isle of Wight

Dear

Many thanks for your email, it does clarify the position.

I can confirm that the Council does not object to the lease renewal on the basis of the information you have provided.

Kind regards
Dear

Thank you for your enquiry. As part of Network Rail’s Licence from the Office of Rail and Road it is required to consult with a range of stakeholders before it enters into certain disposals (including leases) of its assets. The current lease to South Western Railway expires in March and the intention is to grant further lease to SWR as set out in their Franchise Agreement. This will have no impact on your proposed works as it will be the same tenant and broadly on the same terms as the current lease.

If you required any further information please let me know. Otherwise if you are able to confirm you have no objection before 28 February I would be grateful.

Regards

To: @networkrail.co.uk
Subject: Re: Consultation on proposed land disposal: Isle of Wight 3101c19

Thank you for sending Transport Focus the draft details of the proposed land disposal in the Isle of Wight. They note that:

it is proposed to renew, to South Western Railway, the lease of the Island Line’s infrastructure for 20 years from the 1st of April, 2019;
the lease includes the eight stations, the passenger light maintenance depot, all the track and the land within the railway’s boundaries;
the lease can be assigned to another approved party, should another operator be designated;
the proposal is supported by Network Rail.
Passengers and stakeholders await the long-promised improvements to the IoW’s railway. Transport Focus has no objection to the proposed disposal and hopes the renewed lease will soon see the release of the DfT’s response to the “priced option” submitted last May.

Subject: Consultation on proposed land disposal: Isle of Wight

Dear Consultee

We are currently seeking views of relevant parties on our proposed land disposal at the Isle of Wight by way of Lease of the eight railway stations, one passenger light maintenance depot, all of the Track, the land in the vicinity of the Track, and all of the Railway Infrastructure located on the Isle of Wight. We attach a draft application form which together with the related plan(s), explains the proposed land disposal in detail.

Following this consultation and having considered any comments that are received we intend to submit a formal application to ORR for consent to dispose under the terms of our network licence.
Any application made will be based on our draft application form, updated in light of consultation responses. It is therefore important that we have your views on the proposed disposal.

We request your comments by e-mail by **Thursday 28 February 2019** (including any “no comment” response).

If a formal application to ORR is made we will, in accordance with ORR’s regulatory arrangements for land disposal, send you a notification of our application in due course.

If you have any queries regarding our proposal do not hesitate to contact us. If future consultations of the nature should be directed elsewhere within your organisation please advise us of the appropriate contacts details so that we may amend our records.

Yours faithfully

Station & Depot Portfolio Manager
