Dear Karen and Keith

**Consent to a supplement to the list of capacity charge rates: South Yorkshire Supertram Limited (SYSL)**

1. We have consented to supplement the list of capacity charge rates in an application submitted on 2 May 2018 from the above parties under Paragraph 9.4(c) of Part 2 of Schedule 7 to their track access contract.
2. The purpose of this application is to supplement the list of capacity charge rates to reflect the introduction of a new service between Tinsley Junction and Rotherham Parkgate on 25 October 2018.
3. There is no requirement for industry consultation in this matter as no other train or freight operating company are affected by the changes.
4. We reviewed the application and are satisfied that approval is in accordance with Network Rail's guidance on supplementing the list of capacity charge rates.
5. Sub-paragraph 9.9 states that consent by ORR shall have effect from such date as ORR shall determine. The service codes became operational on 25 October 2018 and therefore the effective date of this notice is 25 October 2018.

Yours sincerely
